Thank You for your Purchase!!

Information about PowerPoint files

- PowerPoint files for PC includes embedded links to YouTube videos to autoplay in various slides. Computer must have online access while playing presentation.
- Videos for Mac can be accessed by clicking on a link that will open your browser to the Youtube video page.

Lecture Notes

- Be sure to view the lecture notes from each slide. They will guide you through a smooth running lecture. They can help you engage your students by asking questions about the included primary source documents, maps and graphs.

If you like what you see, please leave a positive rating and write a comment.

*Please do not place PowerPoints online. If it's a must, PDF the PowerPoint and place the PDF on your teacher website.

Errors? Typos? Questions? Please, please please contact me at BurtBrock@gmail.com

Thanks!
